PROJECTS

Dogsmeet - Rent a dog, Web development Project https://dogsmeet.netlify.app/
• https://github.com/Abdulhussainjarif/DOGSMEET-Rent-a-Dog
• Build a static website using HTML, CSS and Bootstrap. Dogsmeet is a company where dogs are rescued and can be adopted for a period of time.
Personal Portfolio Website, Web development Project https://abdulhussainjarif.netlify.app/
• https://github.com/Abdulhussainjarif/Abdulhussain-portfolio-website
• Build after learning Fundamental concepts of front-end development, This website is a pure HTML/CSS webpage. This website is still under development as I want to enrich its looks.
Sushant Singh Rajput - Tribute page, Webpage http://ssrtribute.netlify.app/
• Build this tribute page in the memory of Sushant Singh Rajput using HTML, CSS and Bootstrap.

ADDITIONAL

- Volunteering: **Teaching -** taught a group of 6 illiterate children near my house subjects like English, Marathi, Maths and History.
- Interests: **Writer -** I am fond of reading and writing, and regularly write articles about anything and everything on Medium and Quora.
